THE QUESTION

CASE NO. / HALL

STARTED

The records

One line per record. Who gave the information, and when? Closer to the event usually weighs more, but not always.

#	THE RECORD (and its mark)	MADE WHEN	WHO GAVE THE FACTS	WHERE I FOUND IT (BOOK, PAGE, LINK)	WHAT IT SAYS

6					

Where the records disagree

Write down both versions. Never quietly "fix" one.

Where to look next

A third, independent record can tip the balance.

My answer, and why

A name without the page it came from is only a guess.

SETTLED, OR STILL OPEN?

POSTED MY ANSWER ON

The rules. Read the record. Show your work. Never dig, never go near a grave, never set foot on anyone's land. Be kind: these are real people.
